Reviews

Rated 4.9 ★★★★★

Rated and Recommended by Thousands!

Sharadrao Wani

I have been using Munim GST Filing Software and found it very efficient and user-friendly. The return filing process is smooth and easy to handle. The reports generated are detailed and accurate, which helps in quick analysis and decision-making. It has significantly saved

Parveen Narwal

Munim app is an excellent software with very useful features and smooth working. Their customer care support is outstanding— instant problem solving, very fast response, and highly cooperative. The support team is always ready to help and resolves issues quickly. Overall, a very reliable

Desktop & Web-Based Solution

Desktop Solution

- Speed up GSTR filing for massive data
- File GSTR without OTP using credentials and captcha.
- Simplified data upload and GSTR filing.

Web-Based Solution

- Log in safely from any browser or device.
- Access and file GSTR remotely using OTP verification.
- Get instant access to real-time financial data.

Who Can Use Munim GST?

Chartered Accountants

Manage multiple clients and file monthly, quarterly, and annual GST returns with accuracy.

Tax Consultants

Simplify complex filing processes and win client trust with precision in every computation.

Business Owners

Spend less time on GST compliance with clear summaries, error checks, and a workflow built for non-experts.

Why CAs and Tax Professionals Choose Munim GST

File All GSTR Types

Start filing all return types seamlessly and eliminate the hassles of missed deadlines in just a few clicks.

Invoice Management System

Accept, reject, or keep supplier invoices pending, then compute GSTR-2B from the approved set so you claim ITC only on invoices you have cleared.

Hassle-free Data Import

Speed up data entry by importing from Munim Billing & Accounting (via Munim Connector), Tally (via Tally Connector), Government Excel, and JSON files in a few clicks.

AI-Powered Reconciliation and Reports

Spot mismatches instantly with multi-level reconciliation across purchases, GSTR-1, GSTR-3B, e-invoices, and GSTR-2A/2B, backed by detailed GST reports.
